The company went for a Public Issue on 06.02.1995 by launching 22,50,000 Equity Shares of Rs.10/- each at par which were fully subscribed and the total paid up capital of the company after the said Public Issue stood at Rs.3,00,00,000/- since shares worth Rs.75,00,000/- were held by the promoters.

The company in the initial years took up trading of steel pipes and tubes and in the year 1998 got itself registered with the Reserve Bank of India under the regulations of Non-Banking Financial Companies since the company apart from carrying on the trading business also opted for making investment in securities of other public limited companies. The company is listed on Calcutta Stock Exchange with a paid up capital of Rs.4,97,89,000/-.

The company is a cash rich company and has earned substantial profits during the last three years.

The recent growth in capital markets is expected to substantially enhance the value of the company's investment activity and its bottomline/projects.

Since the trading of securities is governed by the fluctuating trend of the market of securities listed on Stock Exchanges not only of the country but also of abroad as well as the government policies from time to time, profitability of the company is very much volatile.
